Cookie Policy

A cookie is a small file which asks permission to be placed on your computer's hard drive when you access a website. Cookies allow web applications to respond to you as an individual. The web application can tailor its operations to your needs, likes and dislikes by gathering and remembering information about your preferences.

We use traffic log cookies to identify which pages are being used, and to see if any online advertising we use is bringing people to our website. This helps us analyse data about webpage traffic and improve our website in order to tailor it to customer needs. We only use this information for analysis purposes.

Overall, cookies help us provide you with a better website by enabling us to monitor which pages you find useful and which you do not. A cookie in no way gives us access to your computer or any information about you, other than the data you choose to share with us.

Via your browser settings, you can block or allow all cookies, as well as delete them:

We only request personally identifiable information, such as address, if and when an individual chooses to complete our online volunteer application form. Please see our ['Action Tutoring Privacy & Data Policy for Volunteers'](#) for more information on this.
