

## Volunteer tutor role description

### About Action Tutoring

Action Tutoring partners with primary and secondary state schools to deliver tutoring programmes for pupils in Years 5, 6, 7, 10 and 11 in English and maths.

We specifically help pupils facing socio-economic disadvantage who are at risk of leaving primary or secondary school without reaching national standards in their exams.

### The role

We are looking for volunteers to support pupils in maths or English. As a volunteer, you'll:

- Work with 1-3 pupils to improve their English or maths, in-person or online.
- Commit to a 10-20 week programme, for just one hour a week.
- Support either primary or secondary school-aged pupils.
- Use our tutor workbooks to shape your weekly sessions.

### What qualifications or experience do I need?

We look for volunteers who:

- Have or are studying for a degree (in any subject)
- Have a B grade (or above) at A Level (or equivalent) in the subject they wish to tutor, or a similar subject

If your qualifications do not match these requirements, we still encourage you to apply. We take all previous experience into consideration, so please include anything you think might be relevant.

Our tutors range in age (from 18 to 82!) and in background. We are incredibly proud of the diversity in our volunteers and the wealth of experience they bring to the role.

### What support will I get?

If you haven't worked with children before, don't worry. We'll support you through your volunteering programme and will provide:

- Training (a two-hour induction session)
- In-session support from your Programme Coordinator
- Tutor workbooks with session plans
- Travel expenses up to £5 per session
- A free DBS check

Apply on our volunteer page, or [contact our friendly team](#) if you have any questions.
