About us

At Action Tutoring, we believe every child should be given the **opportunity to succeed** in school.

But in the UK today, young people from disadvantaged backgrounds are less likely to achieve the grades they need to progress in life. This isn't because they are any less able; they have less access to the tools to help them **reach their potential**.

We don't think this is fair. We know tutoring is an effective way of improving academic attainment and so we harness the **power of volunteer tutors** to bridge the gap and ensure this help can be accessed by every pupil who needs it, **not just those who can afford it**.

We specifically help pupils facing socio-economic disadvantage and who are at risk of leaving primary or secondary school without reaching national standards in their exams. We work **in partnership with schools** in nine cities and regions

Our mission

Action Tutoring supports young people facing **socio-economic disadvantage** to achieve a meaningful level of academic attainment, with a view to enabling them to progress in education, employment or training.

We do this by partnering high-quality volunteer tutors with pupils to increase their **subject knowledge, confidence and study skills**.

Our **vision** is a world in which no child's life chances are limited by their socio-economic background.

Our values

Our team are passionate, dedicated, professional and supportive.

In the summer of 2022, pupils in England completed SATs and GCSE exams for the first time since 2019.

Even before the pandemic, disadvantaged pupils were **already 18 months behind** their non-disadvantaged peers on average by the end of secondary school. The effects of the pandemic on education are still being felt and this gap is now the largest it has been in ten years. Studies show that it has increased by **23% percentage points** for primary pupils.

Our analysis shows that primary pupils who were supported by Action Tutoring in 2021-22 were **more likely to achieve the expected standards than other disadvantaged pupils across the country** — by 8 percentage points in maths and 8 in reading. The pass rates for secondary pupils supported by Action Tutoring either matched or exceeded pass rates for equivalent groups supported by Action Tutoring in 2019.
