

Make your donation go further with *giftaid*

Gift Aid is one of the **simplest** and **most effective** ways to give to charity.

If you are a **UK tax payer**, you can make **every £1** you give – or have given in the past – worth **25p more**, under the Gift Aid scheme, as it allows Action Tutoring [Registered Charity No 1147175] to reclaim tax you have already paid to HM Revenue on eligible donations. This means that you can make an **even bigger** difference at no extra cost to you.

Please refer to this link for more [government guidance on Gift Aid](#) eligibility and conditions.

Donating to Action Tutoring

You can donate to Action Tutoring [through JustGiving](#). After you have entered your donation amount and confirmed that the donation is your own money, you will be asked to add Gift Aid and **tick the box**.

If you are donating via bank transfer, or have a direct debit with us and would like to add Gift Aid, it's really simple. Just reach out to our Fundraising Coordinator, Sarah, on sarah.chandler@actiontutoring.org.uk, to ask for a Gift Aid Declaration form, which only takes a couple of minutes to fill out.

Higher rate taxpayers

With Gift Aid, basic-rate tax relief (20%) automatically boosts your donation, but higher-rate taxpayers (40% or 45%) can claim additional tax back through a Self-Assessment tax return or a tax code adjustment.

For example, a £10,000 donation becomes £12,500 to Action Tutoring with Gift Aid added. If you pay the 45% tax rate, you can personally reclaim the 25% difference between the basic rate and higher rate of tax, equalling £3,125. This effectively reduces your net cost to £6,875. Or you can choose to donate the tax relief to turn your £10,000 donation into £15,625!

Please note that Action Tutoring are not tax experts and cannot provide tax advice. Anyone considering claiming tax relief should check their tax position and consider seeking professional advice.

Thank you for your donations and support.
